Languages	: C, C++, Java, JavaScript
Web Technologies	: HTML, CSS
Frameworks	: Advanced Java, JDBC, Servlets, JSP, Spring Boot
Database	: MySQL
Tools	: Git, GitHub
Concepts	: Generative AI, Full Stack Development

PROFESSIONAL SUMMARY

Motivated and detail-oriented Information Technology student with hands-on experience in Java, Web Technologies, and Full Stack Development through internships and academic projects. Skilled in building database-driven applications and responsive web interfaces. Strong problem-solving abilities with a passion for learning new technologies and delivering efficient solutions.

INTERNSHIP EXPERIENCE

- Web Technology Intern** May 2023 – June 2023
Sumago Info Tech Pvt. Ltd., Nashik
- Developed and maintained web applications using HTML, CSS, PHP, and MySQL.
 - Gained practical experience in front-end and back-end development, database management, and website deployment.
- Full Stack Java Intern** Jan 2026 – Feb 2026
r3 system Pvt. Ltd., Nashik
- Worked on full stack Java development including application design, coding, database operations, and testing.
 - Collaborated with the development team to deliver efficient and user-friendly solutions.

PROJECTS

1. **Console Based Simple Banking System (Core Java)**
Developed a console-based banking application using Core Java. Implemented features like user registration, account creation, deposit, withdrawal, balance inquiry, transaction management, and exception handling.
2. **Banking Management System (Advanced Java)**
Built a banking system using Advanced Java and MySQL. Implemented customer registration, account management, deposits, withdrawals, balance inquiry and integrated the application with MySQL.
3. **Rural Health Management System**
Developed a system to manage healthcare services in rural areas. Implemented modules for admin, doctor, patient, appointments, and reports using Java technologies and MySQL.
4. **HTML based Cow Care Hub**
Designed a static website using HTML and CSS to provide information about cow care, health, feeding, and management practices with a responsive layout.
5. **SkillScript – Programming Courses Website (HTML & CSS)**
Developed a responsive website for programming courses using HTML and CSS. Integrated navigation menus, course sections, and interactive layout for better user experience.

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

- Served as the President of the Department, representing students and leading various academic and extracurricular initiatives.
- Held the position of Cultural Secretary, organizing and promoting cultural activities and events within the department.
- Worked as an Event Coordinator, successfully planning and managing departmental programs and student events.
- Participated twice in Akashvani (All India Radio) programs, demonstrating strong communication and presentation skills.
- Achieved First Place in a State-Level Mehndi Competition, showcasing creativity and excellence in artistic activities.

INTERESTS

- Leadership and Team Management
- Team Collaboration
- Organizing Technical Events
- Project Management
- Learning New Technologies
